

PATCH 60

Scheduled to be released to the field, Sunday, January 15, 2006 at 9:00 A.M. CT

Contains Database and Application Server modifications.

FIXES

PROBLEM REPORT NUMBER	FIX	Initiated by	Critical Function
Remedy 23497	<p>Summary: Vacancy indicator does not change to '0' for 001/171</p> <p>Resolution: This is a partial fix. Added code to set position vacancy status properly using FROM and/or TO position data on an RPA (except for 001/1xx). Created data script to synchronize position vacancy status in History with HR table. Process log name is 'R23497'.</p>	ARMY	Position
Remedy 23789	<p>Summary: FEGLI Open Season NPAs reflected new FEGLI code in Block 27 but the clear text reflected the old selection instead of the open season selection.</p> <p>Resolution: Code was modified to print correct clear text descriptions on the NPA when the FEGLI Open Season process is run.</p>	DeCA	Benefits/Entitlements
Remedy 23873	<p>Summary: Security List Maintenance process runtimes exceed acceptable timeframes.</p> <p>Resolution: Applied major code changes to address performance when rebuilding all profiles.</p>	AF	System Security
Remedy 23874	<p>Summary: NTE dates for NOAs T122, T108, T148 and T149 are storing in Temp Appt NTE data fields instead of Limited Appt NTE data fields. And also the assignment status is not set to Term/Limited Appointment NTE.</p> <p>Resolution: Modified code to store NTE dates in correct locations and update assignment status correctly.</p>	ARMY	CAO
Remedy 24489	<p>Summary: Self Service US Fed Language LOV not displaying after letter "L".</p> <p>Resolution: Changed the value of the system profile FND: View Object Max Fetch Size for the My Biz responsibility to 400 to display all values in the LOV for Languages.</p>	CPMS	Self Service
Remedy 24576	<p>Summary: NPA prints old title after Correction to Position Title Change.</p> <p>Resolution: The correct information is now showing up on the NPA when doing a Correction to a "Change in Position Title" or "Change to Position Number".</p>	CPMS	Position
Remedy 24614	<p>Summary: In preview form size of Location Desc field is set to 30 characters. Whenever the preview tries to populate a location description greater than 30 characters, following error message is raised: FRM-40831 ERROR ON SPIRAL MASS UPDATE.</p> <p>Resolution: Corrected problem by expanding the Location Desc field size in the form.</p>	NAVY	NSPS
Remedy 24632	<p>Summary: HR is updating 1##/5## actions with a NULL value in data field Vet Pref for RIF Value located in the Extra Information area of the RPA.</p> <p>Resolution: Added edit to raise error when "Vet Pref for RIF" has a value</p>	AF	Appointments

	and "Vet Pref for RIF Value" is null. This edit will fire for APPRs and TECHs for Appointments and Conversions. Modified the message "CIV_VET_PREF_VALUE_" to show the DDF information for Appointments and Conversions.		
Remedy 25000	Summary: Eliminated positions displaying in Self Service QC Reports Resolution: Modified Reports Civilian POA Validation, Invalid Position Report and Positions Not in Self Service Hierarchy to remove eliminated positions.	AF	Self Service
Remedy 25135	Summary: NULL warnings that are showing up in the CSU refresh. Resolution: Changed load codes script to reflect the new name of the element Locality Pay. This is to filter out Locality Pay SR Supplement element from loading into csu_in_element_codes table, as a result the error (ORA-01400: cannot insert NULL into ("CSUDB"."EMPLOYEE_SUPPLEMENTAL_PAY"."PAY_SUPL_TYPE") in the refresh log will be reduced.	CPMS	CSU
CRT-04-11658-DOD	Summary: A script has been prepared that will identify those RPA that have 'NOT_ROUTED' to 'UPDATE_HR_COMPLETE' for routing history in Reg03. Process Log Program Name: CRT-04-11658. Note: This script will be a recurring data fix until modification to the procedure by the Oracle Fed Group	AF	Other
CRT 05-38344-DoD	Summary: Employee and position records for TECH position types are now included in the AutoRIF extract file.	NGB	AutoRIF
CRT 05-39648-DoD	Summary: (1) Removed the hierarchy diagrammer from the Self Service Hierarchy Manager menu, (2) The Self Service Position Hierarchy Tool will no longer auto-populate the New Reporting To column when there are only two supervisors in a POA. It will no longer suggest the two supervisors report to each other, (3) Updated Self Service concurrent program to give the users the choice of creating My Workplace, My Biz or Both, (4) Added code to end-date My-Workplace accounts for users that are no longer in supervisory positions.	CPMS	Self Service
CRT 06-40949-DFA	Summary: Modified edit 'CIV_KEY_EMER_ESNTL_PSN_5A' to include group agency DD26 with the list of agencies that can use Key Emergency Essential codes other than "N".	DFAS	Other
	NAF Only		
Remedy 24480	Summary: Army NAF Mass Position Change could not be updated due to the incorrect value in the Pay Table ID on the system generated RPA's. The Processed Records view did not display the correct Pay Table ID in the target Pay Table ID field. The position record's impacted with the Army NAF Mass Position Change did not have the Pay Table ID updated in conjunction with the Army NAF Position Change as required. Resolution: Created migration script to display the correct Pay Table ID with the processed records view and the system generated RPAs. Modified the code to update the new Pay Table ID associated with the Army NAF Position change.	ARMY NAF	Other Mass Actions
Remedy 24902	Summary: Item 21 printed with the second and third shift on AF Form 2545 when processing N086 LWOP-Workers Compensation. Resolution: Modified code to suppress blocks 18-22 for N086 LWOP-Workers Compensation.	AF NAF	Reports

LN Only			
Remedy 18140	<p>Summary: NTE dates for various LN NOAs were not stored properly in custom DDFs "Assignment NTE Dates" and "LN Assignment NTE Dates".</p> <p>Resolution: Modified the code to update the NTE dates with whatever action is being processed, based on what is currently in the employee's record.</p>	AF	RPA/52
Demo Only			
CRT 05- 40677-DoD	<p>Summary: Modified the pay calculation for Acquisition Demo records to open up the salary fields on pay affecting transactions to include the DOD Acquisition Mass Salary Pay Out and the DOD Acquisition Demo Conversion process where the Pay Rate Determinant (PRD) is other than 0. Process no longer calculates a value for locality adjustment when the PRD is other than 0.</p>	CPMS	Mass Pay
