### REPAIRS

<b>PROBLEM REPORT NUMBER</b>	<b>REPAIR</b>	<b>Initiated By</b>	<b>Critical Function</b>
PR 13879	<p><b>Problem:</b> Organization Ids are out of sequence. The cnv_organization.pkb procedure is missing a check that ensures the sequence generator is reset upon completion of the process when building new organization via the weekly patch.</p> <p><b>Resolution:</b> Second part of fix for problem. Created a script that will take any POAs that have been created after P49.7 and rebuild them because they were built with the wrong IDs.</p>	LMSI	Organization
