

PATCH 53.19.6

Scheduled to be released to the field, Wednesday, September 08, 2004 at 5:00 P.M. CDT

Database changes only.

REPAIRS

| PROBLEM REPORT NUMBER | REPAIR | Initiated By | Critical Function |
|--------------------------------------|--|-------------------------|------------------------------|
| Remedy 18606 | Summary: Extremely long staging time for CSU Refresh, in particular, CSUDB_PAC_SEP_V. Over 7 hours. Resolution: Corrected the poor performance of CSU Refresh staging by changing hints on view CSUDB_PAC_SEP_V. This piece of staging ran 6+ hours on CSU11/REG11 under 9.2 and should improve to 10 minutes or so. Modified indexes on UPPER of ELEMENT_NAME and NAME columns in PAY_ELEMENT_TYPES_F and PAY_INPUT_VALUES_F. General performance improvement. Created an outline to improve the performance of a query against PER_BUSINESS_GROUPS. | CPMS | CSU |
