

## PATCH 58.2.3

Scheduled to be released to the field, Thursday, August 18, 2005 at 6:30 P.M. CDT

Contains Database modifications.

### REPAIRS

<b>PR/CRT NBR</b>	<b>REPAIR</b>	<b>Initiated By</b>	<b>Critical Function</b>
Remedy 23599	<b>Summary:</b> RPA actions missing from civilian inbox. <b>Resolution:</b> Script to force a password change on users affected by disabled user accounts on 15 Aug 2005. Procedure will only reset passwords on accounts previously updated by script applied with PR 23582 (58.2.2). Accounts that already have had their passwords reset manually (password date between 15-AUG-2005 and today) will not be reset. Please notify affected users that they will use their current password as the old password when they are directed to the change password screen. Users affected will need to log off the system. Once patch has been applied, they can log back on.	DoDEA	In Box
