Movement of Student Loan Repayment (ZR) between Permanent (P) and Temporary (T) Supplemental Records

Employee is on a P-SUP when the Student Loan repayment process is started. When a temporary action is created, that in turn creates a T-SUP, the ZR entitlement code does not continue into the T-SUP data.

WORKAROUND: **PERSONNEL** **PAYROLL**

PERSONNEL: HR users will need to submit a DFAS Remedy ticket using the Title of STUDENT LOAN requesting that the entitlement be placed on the T-SUP record as well.

PAYROLL: Update the T-SUP record to include the information currently sitting on the P-SUP for Student Loan Repayment.
