PR/CRT NBR	REPAIR	Initiated By	Critical Function
Remedy 22274	<p>Summary: Code was added in CRT 05-25378-DoD to identify any partially processed CAO actions that are older than 60 days and remove them. This process inadvertently made records inaccessible that had a pending CAO action and had been gained through other means. This patch will prevent recurrence in the future.</p> <p>Resolution: The CAO code has been changed to identify when a Non-CAO action has been used to gain the person and delete the pending CAO action..</p>	CPMS	CAO
