# Work

“ I telework when I need uninterrupted concentration to work on important legislative projects. It’s actually difficult for me to stop working because I get totally wrapped up in my projects. I think I work even harder when I telework. ”

**DoD teleworks** because it helps keep our people mission ready. It enhances continuity of operations. It helps attract and retain employees. And it reduces our environmental impact.

**Telework works at DoD.** Teleworkers are more engaged, less stressed, and far more productive.

**DoD employees telework** on a regular schedule or just during specific situations—each according to the demands of the mission.

**teleforce** always ready
