

## Outplacement Subsidy

Reference: Title 5, United States Code (U.S.C.), Section 5724(e)

Under the statutory authority in 5 U.S.C. 5724(e), the Department may offer outplacement subsidies as an incentive to encourage other Federal agencies to hire displaced DoD employees. If you're being separated as a result of reduction in force (RIF) or transfer of function, and you accept a non-DoD Federal job in another area, the Department may reimburse your new agency for up to \$20,000 of your moving expenses.

If your installation or activity is offering this subsidy, you will receive information to include with your applications for jobs in other Federal agencies. In order to take advantage of this program, you must apply for vacant positions and advise the gaining agency of the availability of the outplacement subsidy.

Employees who decline valid job offers through the [DoD Priority Placement Program \(PPP\)](#) are ineligible for outplacement subsidies.
