Background: The Ministry of Defense Advisors (MoDA) Program is designed to forge long-term relationships that strengthen a partner state's defense or interior ministry. The program matches senior Department of Defense (DoD) civilians with ministry counterparts in similar functional areas. Selectees must complete a comprehensive and highly tailored 7-week CONUS training course prior to deployment. Training includes advising and mentoring skills, operational readiness, personal security, and Afghan history, culture, and language training. Instruction is reinforced by engagement scenarios using native speaking role players.

DUTY DESCRIPTIONS:

SENIOR ADVISOR PUBLIC HEALTH
GS-0601/0670-15
The Public Health Advisor advises and assists the Afghan Minister of Public Health and key MoPH staff as they design, develop and mature medical systems for the Afghanistan. The advisor will institute quantifiable processes and indicators for health of the Afghan population and will collaborate with MoD and MoI to establish public health standards and practices to improve and ensure the health of ANDSF personnel. The advisor also participates on a team of international and Afghan advisors providing technical assistance to bring new knowledge and enhance executive leadership. Leadership development and collaboration among MoPH, MoD, and MoI are essential to the overall mission of developing the effective medical capabilities of the ANDSF. Advisor should be a doctorate-prepared Public Health Professional with public policy experience.

Additional Information or Desired Skills (if appropriate):
• Demonstrated communication and interpersonal skills, including the ability to work collaboratively with counterparts to help achieve goals through the provision of quality advice, support, and mentoring.
• Proven self-starter who can be successful working independently or within a team at various organizational levels and with executives/managers/leaders from multiple functional areas and organizations.
• Proven success in organizational capacity building, and demonstrated ability to share knowledge, mentor, and coach others.
• Demonstrated ability to work in an environment with limited resources and to apply innovative
and creative solutions to solve problems.

- Experience developing and coordinating policies and strategies within one or more of the above functional areas for the purpose of developing national-level defense capabilities.

- Experience with training and working internationally with partner governments or their militaries is desired.
- Interest in learning a foreign language and demonstrated ability to adapt to a diverse cultural environment.

**Additional requirements:**

- Applicants must hold and be able to maintain a security clearance at the level specified for the position.
- Incumbent must gain home organization approval upon being accepted into the MoDA program and must satisfactorily complete pre-deployment training and screening requirements before final approval to deploy as a MoDA. Incumbent will be detailed from their home organization for a period of 14 months to include training, pre-deployment preparation, and a 12 month detail assignment to Afghanistan.
- Applicants for these positions must pass a pre-employment medical examination. These positions operate in a physically demanding environment, require the ability to maneuver with the additional weight of body armor in extreme temperatures, and may require lifting heavy items, walking over rough terrain, and working in adverse weather conditions.
